Building the Foundation 创力基金会

A foundation that is built on the principle
that one simple act of kindness goes a long
way as good deeds are infectious.

本基金会乃本着
好事从小善做起
必能影响深远的
信念而成立。

Message from the Founder

"What you get from society, give it back to society."

That's the basis of this Foundation since it was established in 1994. Every year, IOI Group sets aside a certain percentage of the Group's annual earnings towards the funds and operating costs of the Foundation. This means that the more profit IOI Group makes, the more resources the Foundation has in order to carry out its mission in reaching out to society and perform its social responsibilities.

It has been very encouraging that the Foundation's funds have increased year after year, and the Foundation's activities have been extended continuously with more comprehensive coverage. This has been made possible with the full support and efforts made by the staff of IOI Group through the years.

Education is the foundation of nation building and paves the way out of poverty. There is an old Chinese saying: "If you are thinking ten years ahead, plant a tree. If you are thinking one hundred years ahead, educate the people."

The Foundation has, in its early days, played its role in adhering to the spirit of this well-known saying by helping academically excellent students with poor family backgrounds to continue with their higher education. In recent years, this basic mission of the Foundation has been extended to assisting poor children from the rural areas to complete their primary and secondary education, to providing a better learning environment for those in need, as well as to lending a hand to help orphans, the elderly, mentally disabled and other vulnerable groups.

In summary, the Foundation believes in the principle of "supporting and respecting thy elders, nurturing and nourishing thy juniors", and do what we can to bring them joy, independence and fulfilment.

I hope that more and more people will support the Foundation's activities and carry on the torch of the Foundation for many more years to come.

Tan Sri Lee Shin Cheng

基金会创办人的话

本着“取诸社会，回馈社会”的信念，本人于1994年创设了本基金会。每年从集团的盈利拨出一定的百分比作为基金会的运作费用。也就是说，集团的盈利越多，基金会就有越多的资源来担当及履行更多社会责任。

令人鼓舞的是在员工的全面配合及努力下，集团的盈利额随着业务发展年复一年增长，基金会动用的资金逐年有加，而基金会活动涵盖的层面也更趋全面性。

教育乃建国之本，是脱贫的主要途径。所谓“十年树木，百年树人”，基金会最早期的支出就是赞助家境欠佳而成绩优秀的学子，让他们有机会圆修读高等教育的梦想，而本基金也帮助乡村区贫穷孩子念完小学及中学。提供较好的学校环境更是基金会近年来的重点工作。教育肩负培育英才重任，基金会将持续地继往开来，雪中送炭。

此外对于孤儿、老人以及残障智障的弱势群体，基金会也是持着“老吾老以及人之老，幼吾幼以及人之幼”的信念帮助他们，尽点绵力，把欢乐带给他们。

最后，我希望在未来的日子里有更多人支持基金会的活动并把基金会的理念和爱延续下去。

丹斯里李深静

Student Adoption Programme

The Student Adoption Programme was officially launched by the Deputy Minister of Education YB Dr. Wee Ka Siong in 2008 to provide underprivileged students with equal access to a good basic education as a platform to a brighter future. Since then, the programme has successfully benefited more than 721 school children from over 196 primary and secondary schools across the nation.

Under this programme, each adopted child will receive financial assistance of RM800 and a school bag each year until they complete their primary or secondary education. Through this programme, the Yayasan TSLSC hopes to sustain their educational needs and motivate them to excel in their studies while helping to ease their families' financial burdens.

Financial assistance is given to these adopted schools to upgrade their facilities such as building new classrooms, new halls, libraries, perimeter fences, IT and sports facilities in order to improve the students' learning environment. To date, six primary and secondary schools in or near IOI Group's oil palm estates in Sabah have been adopted under this scheme. From time to time, financial assistance is extended to improve and upgrade their school buildings.

To meet the demands of the local community on basic education needs, IOI Group marked a momentous milestone with the full funding and building of SJK (C) Ladang Harcroft, a new Chinese-medium primary school in Bandar Puchong Jaya at a cost of RM7,000,000.

The school was officially handed over to the Minister of Education during a prestigious official opening ceremony by YAB Dato' Seri Abdullah Badawi, then Prime Minister of Malaysia.

Partnership with HUMANA

HUMANA's learning centres, run by Borneo Child Aid Society, Sabah (HUMANA), provides primary education and care for children of foreign plantation workers who are unable to enrol into national schools in Malaysia. Most of these children are deprived of basic education due to the lack of proper documentation. As a result, many end up as child labourers following the footsteps of their parents.

Yayasan TSLSC provides yearly school bags, socks and stationery items to over 2,000 children. In fact, the setting up, building and operating cost of over 22 HUMANA learning centres in Sabah is also funded together with IOI Group.
